

# LOFFICE

A HOME FOR YOU TO WORK, CREATE,  
GROW & CELEBRATE

## about us

In 2009 we were the first coworking space in **Hungary** and among the first in **Austria** launching the coworking movement in the region. Today - thanks to all the innovative ideas and our diverse community - Loffice is a home to creative entrepreneurs, cultural initiatives & freelancers of all sorts.

Since 2009 we're an ever-changing & evolving team of enthusiastic community members. Today Loffice is present in 2 countries in 3 locations. We opened our **new HQ in 2020**, centralizing our former real estate portfolio. The mission is simple - providing stylish spaces and business support services to collaborate & build a community that feels like family.
